Industry-leading solutions from vertical integration, automation, and exceptional employees

Vertical integration and learning

Our vertically integrated approach provides control over the entire development process from design to delivery providing exceptional quality, speed, and efficiency. Our on-site tooling and plastics divisions work with customers in multiple industries, which brings additional knowledge and innovation to Peterson and our customers.

Automation for high volume and quality

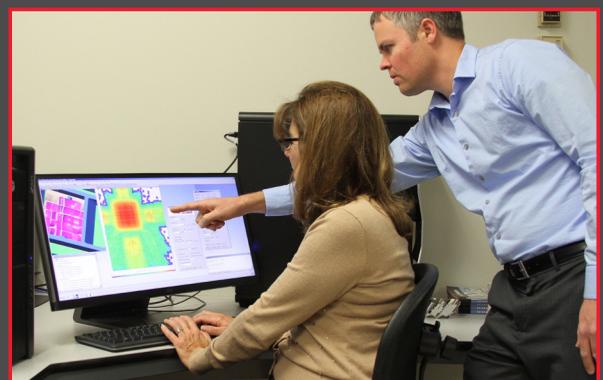

Over the years, we have built extensive automated equipment lines to increase our US production capacity and exceed our customers' quality expectations. Peterson was the first US lighting manufacturer to earn ISO 9001/QS-9000 certification. Come visit our factory in Kansas City and see it for yourself.

Our exceptional team of employees

Peterson has extremely low turn-over and long tenure giving us the ability to innovate and build quality products for our customers. Over 650 associates continue our tradition of "Made in the USA" quality, innovation, and service. Let us put our quality and innovation to work for you.

- Annual turnover rate is around 1.5% .
- Average length of employment is over 13 years.
- Many associates have been with Peterson over 25 years.
- Multiple second and third-generation family members employed.

Learn how Peterson can support your critical safety lighting needs.

Contact us at 1-800-821-3490 and info@pmlights.com or visit us at www.pmlights.com.

PETERSON
BRIGHTER ROADS AHEAD

16' Power Pack

Our eye-grabbing plan-a-grams are packed with today's hottest-selling items in safety lighting and accessories. No matter what your store's specialty, they're ready to help you build store traffic—and profits!

That's not all. No matter which plan-a-gram you choose as a Peterson retailer, you'll benefit from Peterson's reputation for quality and exceptional customer service. It's a reputation we've worked hard to maintain since 1945.

Check out the great plan-a-gram options available with Peterson. From the 2' LED Basic assortment to the 16' full-signage assortment, our suggested coverage provides an unbeatable selection of our most popular, quick-turn items for both self-service and commercial/fleet markets. Better yet, our plan-a-grams' unitized design gives you total flexibility in tailoring your coverage to your customers' needs.

With this plan-a-gram booklet to guide you, it's easy. On the following pages, you'll find a photo and schematic of each plan-a-gram unit plus a corresponding list of suggested part numbers and quantities. Your local Peterson representative will be glad to assist you in customizing your order.

2' Incandescent Basic Assortment

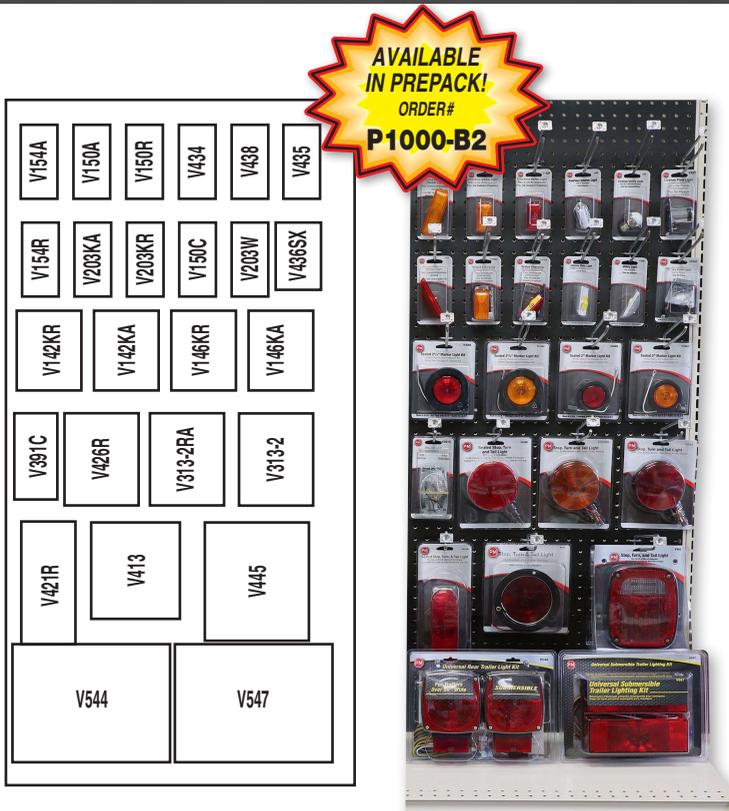

Our most popular standard, bulb-designed lights designed to replace several OE footprints. Our 2' Incandescent Basic assortment is populated with standard incandescent lighting with grommet-mount and surface-mount footprints that have been the backbone of the vehicle safety lighting market for years. While LED popularity is growing as an upgrade, some consumers may prefer to simply replace damaged or broken lights with these same OE-fit lights. Set features clearance, side marker, ID, stop/turn/tail lights, trailer light kits, and conspicuity tape.

LEDs spell savings for fleet customers and profits for you! Fleet buyers love the lower maintenance costs that rugged, long-life LED lights deliver. You'll love the profit potential of this 2' Commercial LED assortment. Like all our commercial sets, it's poly-packed for protection in a thick, clear bag with part number and UPC code. Display up-front in a retail set or behind-the-counter storage in bin boxes.

* Recommended in standard carton quantities

Your large retailers and parts stores/jobbers should love the well-planned design and gleaming new packaging of our all-new Mass Merchandiser sets. Here's the full line of Peterson Vehicle Safety Lighting & Accessories in a choice of 8' or 12' long Mass Merchandiser assortments. Spotlighting our very best sellers, both sets stock the maximum product offering for a retailer's best use of gondola and shelf space. Each set offers two full shelves and stands 6' tall without the optional 8" header display*. Products show in neat arrays that simplify a shopper's search, while the new packaging's carbon-fiber-look cards and protective, heat-sealed blisters offer great looks that bespeak Peterson quality.

4' Electrical Tall Assortment

4' ASSORTMENT
48" W x 72" H
625 Total Units
157 Total SKUs

Stacked, racked & packed for profits! We took our three 2' assortments of popular switches, terminals, and wiring and stacked them in a single 48"-wide assortment that stands 72" high. It's packed with the same number of SKUs as the three individual sets, but creates valuable shelving space by going taller, not wider—perfect for stores with higher gondolas or wall space to stack up tall and rack up sales.

Schematic line drawing available upon request.

SAFETY, CLEARLY REFINED.

**When appearance matters
as much as performance.**

In applications where every detail counts, lighting should complement the design—not compete with it. Peterson's Clear Lens Family delivers a clean, refined look backed by the performance you trust. Contact Peterson for more information about our new line of clear lens lights.

**Smooth Surfaces. Clean lines.
Purposeful design.**

Our Mission

At Peterson Manufacturing, we are dedicated to delivering innovative, high-quality vehicle safety lighting and harness solutions that meet the evolving needs of our customers. With a focus on quality, customer satisfaction, and customization, we strive to provide products that enhance safety and exceed expectations. By providing customized solutions tailored to each customer's specific needs, we develop enduring partnerships that go beyond just product manufacturing. Our unwavering commitment to exceptional customer support ensures every interaction is defined by integrity, responsiveness, and a relentless pursuit of excellence. Together, we empower our clients to succeed, delivering products that consistently surpass both performance and safety standards on the road.

Our Vision

To illuminate the path forward with solutions that drive safety, inspire confidence, and empower our customers to go further.
